

TABLE OF CONTENTS

	Page
Chapter 1. INTRODUCTION.....	1
1.1 Description of Study Area.....	1
1.2 Scope and Objectives of Present Study.....	6
1.3 Methodology.....	9
1.3.1 Assessment of Natural Resources	9
1.3.2 Identification of Environmental Stresses and Their Sources	9
1.3.3 Description of Indigenous and Adaptive Approaches.....	10
1.4 Expected Outcomes.....	11
Chapter 2. BIOSPHERE RESERVES	12
2.1 The Concept	12
2.2 Historical Overview	13
2.3 The Seville Strategy for Biosphere Reserves	14
2.4 The Strategy used in the Proposed Wurayah Biosphere Reserve	16
Chapter 3. METHODOLOGY AND DATA COLLECTION.....	18
3.1 Environmental Information System (EIS) Approach.....	18
3.1.1 Geoinformatics as a Decision Support Tool.....	18
3.1.2 Methodology	20
3.1.3 GIS Technology	21
3.2 Data Collection, Analysis and Presentation	23
3.2.1 Field Work	24
3.2.2 Lab Analysis.....	24
3.2.3 Office Work.....	26
3.2.3.1 GIS Data Input.....	26
3.2.3.2 GIS Output.....	27
Chapter 4. GEOMORPHOLOGY AND GEOLOGY.....	29
4.1 Geomorphology.....	29
4.1.1 Mountains.....	29
4.1.2 Alluvial Plain.....	31
4.1.3 Coastal Plain.....	31
4.1.4 Drainage Basins.....	32

	Page
4.2 Geology.....	34
4.2.1 Surface Geology.....	34
4.2.2 Subsurface Geology.....	37
 Chapter 5. CLIMATE	 43
5.1 Solar Radiation.....	45
5.2 Air Temperature.....	45
5.3 Relative Humidity.....	46
5.4 Wind Speed.....	47
5.5 Evaporation and Evapotranspiration.....	49
5.6 Rainfall.....	52
 Chapter 6. FLORA AND FAUNA	 64
6.1 Biodiversity in Wadi Wurayah.....	64
6.1.1 Aquatic Habitat.....	64
6.1.1.1 Aquatic Flora.....	68
6.1.1.2 Aquatic Fauna.....	69
6.1.1.3 Aquatic Invertebrates.....	71
6.1.2 Terrestrial Habitat.....	71
6.1.2.1 Terrestrial Flora.....	71
6.1.2.2 Terrestrial Fauna.....	75
6.1.2.3. Terrestrial Invertebrates.....	81
6.2 The Protected Area Led to a Biosphere Reserve in the Eastern Coast Region (Wadi Wurayah as an example)	 82
 Chapter 7. HUMAN ACTIVITIES	 85
7.1 The Importance of the Wadi Wurayah Catchment Area and its Surrounding..	 85
7.2 Environmental Stresses and Threats in the Wadi Wurayah and its Surrounding.....	 86
7.2.1 Traditional Activities.....	88
7.2.1.1 Grazing and Livestock.....	88
7.2.1.2 Honey Collection.....	89
7.2.2 Agriculture.....	90
7.2.3 Commercial Activities.....	92
7.2.4 Industrial Development.....	93

	Page
7.2.5 Residential Activities.....	95
7.2.6 Tourism.....	101
7.2.6.1 Cultural Heritage.....	101
7.2.6.2 Hotels and Resorts.....	102
7.2.6.3 Camping, Safari Trips and Recreation.....	103
7.2.7 Roads and Tracks.....	105
7.2.8 Socio-economic Settings.....	107
7.3 Proposed Biosphere Reserve for Sustainable Environment.....	107
7.3.1 Zoning Consideration	108
7.3.1.1 Core Zone	108
7.3.1.2 Buffer Zone.....	108
7.3.1.3 Transition Zone.....	109
 Chapter 8. HYDROLOGY AND HYDROGEOLOGY.....	 112
8.1 Hydrology.....	112
8.1.1 Seasonal Floods.....	112
8.1.2 Springs	116
8.1.3 Falajs.....	120
8.2 Hydrogeology.....	128
8.2.1 Hydrogeologic Conditions.....	128
8.2.1.1 Aquifer Lithology.....	129
8.2.1.2 Recharge.....	129
8.2.1.3 Discharge.....	129
8.2.2 Hydraulic Properties.....	133
8.2.2.1 Hydraulic Conductivity.....	133
8.2.2.2 Hydraulic Heads.....	133
 Chapter 9. WATER CHEMISTRY.....	 141
9.1 Surface Water Chemistry.....	141
9.2 Isotope Hydrology.....	144
9.3 Groundwater Chemistry.....	147
9.3.1 Total Dissolved Solids.....	150
9.3.2 Hydrogen Ion Concentration.....	155
9.3.3 Major Cations.....	157
9.3.3.1 Calcium.....	157
9.3.3.2 Magnesium.....	160

	Page
9.3.3.3 Sodium.....	160
9.3.3.4 Potassium.....	165
9.3.4 Major Anions.....	167
9.3.4.1 Bicarbonate.....	167
9.3.4.2 Sulphate.....	170
9.3.4.3 Chloride.....	172
9.3.5 Dissolved Salts.....	174
9.3.6 Hydrochemical Ratios.....	182
9.3.7 Trilinear Diagram.....	187
9.4 Groundwater Evaluation.....	187
9.4.1 Domestic Purposes.....	188
9.4.2 Agricultural Purposes.....	190
 Chapter 10. WATER PROBLEMS	 196
10.1 Surface Water Problems.....	196
10.1.1 Factors Controlling Flood Velocity.....	196
10.1.2 Factors Controlling Flood Volume.....	198
10.1.3 Morphometry and Flood Potential.....	198
10.1.4 Flood Control.....	202
10.2 Groundwater Problems.....	204
10.2.1 Groundwater Depletion.....	204
10.2.2 Increasing Groundwater Salinity.....	205
10.2.3 High Groundwater Hardness.....	206
10.2.4 High Sodium Adsorption Ratio.....	206
10.2.5 Deterioration of Groundwater Quality.....	206
 Chapter 11. THE INTEGRATED MANAGEMENT APPROACH FOR A BIOSPHERE RESEVE	 208
11.1. Location and Size of the Biosphere Reserve.....	208
11.2. Criteria for Designation the Study Area as a Biosphere Reserve.	210
11.3. Management Plan Approach for the Wurayah Biosphere Reserve.....	236
11.3.1 Management of Biodiversity and Landscapes.....	236
11.3.2 Sustainable Management of Natural Resources	238
11.3.2.1 Water Conservation.....	238
11.3.2.1.1 Rainwater Harvesting	238
11.3.2.1.2 Flood Water Harvesting	239

	Page
11.3.2.1.3 Groundwater Harvesting	239
11.3.2.1.4 Solar Water Desalination	240
11.3.2.2 Energy Conservation.	241
11.3.3 Promoting Public Awareness and Education.	242
11.3.4 Promoting Traditions and Local Customs.	243
11.3.5 Tourism Management.	243
11.3.6. Administrative Management and Sustainability.	244
 Chapter 12. RESULTS AND DISCUSSION	 249
12.1 Value of the Proposed Biosphere Reserve.	250
12.1.1 Delimitation of the Proposed Biosphere Reserve.	250
12.1.1.1 Core Zone.	250
12.1.1.2 Buffer Zone.	263
12.1.1.3 Transition Zone.	266
12.1.2 Natural Settings of the Proposed Biosphere Reserve.	272
12.1.2.1 Geology and Geomorphology.	272
12.1.2.2 Climatic Conditions.	275
12.1.2.3 Hydrology and Hydrogeology.	275
12.1.2.4 Hydrogeochemistry	278
12.1.2.5 Isotope Hydrology.	283
12.1.3 Management of the Proposed Biosphere Reserve.	284
12.1.3.1 Water Resources Management.	286
12.1.3.2 Potentiality for Renewable Energy Resources.	288
12.1.3.3 Biodiversity.	288
12.1.3.4 Socio-Cultural Heritage.	289
12.1.3.5 Possible Obstacles when Establishing and Managing the Proposed Biosphere Reserve.	289
12.1.4 Establishment of the Proposed Biosphere Reserve.	290
12.2 The Theoretical Suggestion to Enlarge the Boundaries of the Zones.	291
 Chapter 13. CONCLUSIONS AND RECOMMENDATION	 296
13.1 Conclusions.	296
13.2 Recommendations.	299
13.2.1 Protection of The Site.	299
13.2.2 Surveys and Monitoring	300
13.2.2.1 Surface and Groundwater Resources.	301

	Page
13.2.2.2 Flora and Fauna.....	301
13.2.2.3 Socio-Cultural Heritage.....	301
References.....	302
Appendix 1A Federal Law No. 24 (1999)	313
